

Steve and Joella's Wedding – Info Sheet and Directions

The wedding will be at Mountain Light Sanctuary, Saturday, October 2, 2010 at 1:30pm.

The Sanctuary is not a traditional wedding venue. In order for everyone to enjoy the celebrations we ask that you familiarize yourselves with the information on our website which we have carefully prepared.

Please, before coming to the wedding... review this sheet and the FAQ, Caveats, and Mountain Light Guidelines pages on our website:

www.sjwedding.org

Contact Info

Joella and Steve will be at Mountain Light Sanctuary from Tuesday, September 28 until Monday, October 3, 2010. If you need to contact us during that time please call the **Sanctuary (828) 626-3966** or email us at: Steve (rayshollow@bellsouth.net) Joella (weatherdance@yahoo.com)

Parking

There is VERY limited parking, so most of the guests will need to park "down the way" and be shuttled to the Sanctuary. Because of this limitation, we are asking that everyone carpool as much as possible. **Shuttle Stop: Corner Rock Picnic Area** - on left approximately 1/2 mile from Sanctuary (see directions below). We will arrange someone to shuttle people up to the sanctuary from the little parking lot at this picnic area. Please allow an extra 20 minutes to park and shuttle to insure on time arrival. If you are early, that's just fine with us.

Directions to Mountain Light Sanctuary

From Exit #15 (Jupiter/Barnardsville - Hwy 197) on Hwy 19/23 (future I-26) about 12 miles north of Asheville: (If you need more details on getting to Exit #15 on Hwy 19/23, please check our website.)

Go East on Hwy 197 and continue for 6 miles to Barnardsville. Just past the post office on the left, **turn right on Dillingham Road.** This road comes all the way back to the Sanctuary (**another 6 miles**).

Dillingham Road makes some turns along the way, so here are some landmarks which may be helpful. Once you turn on Dillingham road and go 2.2 miles, the road bears a strong left. Then go another 1.5 and the road bears another strong left. After the second strong left you go 1/3 mile and the road bears a strong right. Continue after this for 1 mile, until you cross a very small bridge (Walker Creek, believe it or not), leave the pavement, and enter the national forest. As soon as you enter the national forest, you will see a big sign on your right that says "Big Ivy - Pisgah National Forest." From here on it's a gravel road.

Continue on the gravel road for 1/2 mile, then turn **right on an unnamed gravel road** which is just after a campsite pull-off on the right. You will immediately cross a small creek and then see **Corner Rock Picnic Area** on your left (**This is the Parking Shuttle Stop**). Please park in the little parking lot to the left and wait here for a shuttle. **OR** If space is available, you may park further up near the Sanctuary and along the national forest road. So...

For the early birds... continue on this gravel road for **1/2 mile and you will see the Sanctuary on your right**, across the creek. Park here, along the national forest road being sure not to block the road. Walk down the road another 100 feet or so and across the old wooden bridge, take the stone steps to the right, up the embankment and through the gate. This leads over to the lodge.

GPS coordinates on Google Maps: 35.752601, -82.376402

If you have any questions before September 28, please feel free to call us or send an email.
